

MESSAGE FROM THE COMMISSIONER

Kendriya Vidyalayas are rendering exemplary services in diverse and dynamic ways towards national development and their performance has been really outstanding. It is working strenuously and sincerely towards promoting national integration and inculcating a national character among our students.

It is my proud privilege to share that KVS has improved its performance in terms of pass percentage in class XII CBSE results and achieved 93.38% which is 2.25% more as compared to previous year. The number of Kendriya Vidyalayas with 100% result has considerably gone up from 113 in 2010 to 140 in 2011. There has been a decline in the number of failures and subject wise pass percentage has also increased. In addition, most of our Kendriya Vidyalayas have fared very well in class X results. A large number of students got 10 grade points with a significant number of schools registering a pass percentage of 100%.

I congratulate all the teachers and students of Kendriya Vidyalayas for achieving excellent exam results. Good results are attained through hard work. Hard work put in by our teachers who constantly drive students to work hard has certainly helped us achieve success in the exams. Only a vibrant teacher can awaken the dreams and aspirations of the children and turn even mediocre students into super achievers. They have the potential to fire their imagination and enable them to convert their dreams into reality.

KVS not only provides quality modern education to its students but also focusses on development of life skills. I am sure that our students leaving school after class XII would turn out to be confident, empowered, independent and thinking individual who are able to make a mark for themselves in the society. Any institution however, good or grand is known by the successes & achievement of its students. It is the students which make a Vidyalaya good. Hence, I would like to congratulate all the students for the success of Kendriya Vidyalayas.

Let's make our organisation a place to promote freedom of thought, innovation and creativity which are essential for academic excellence. KVS has an excellent reputation for academic achievement and is committed to quality education and excellence, I am happy to have a committed group of educators working together to enrich our students' school experience.

Thank You.

Avinash Dikshit
Commissioner
