

GREY REVOLUTION

Grey revolution stands for the movement of protecting the old fragile but precious heritage of the country. It is our duty to make the monuments free from defacing and scribbling. So we take an oath in respect of movement to save our monuments from defacing and scribbling:

OATH:

- 1. I will not scribble, deface or encroach upon any monument.**
- 2. I will respect the monuments and heritage like my parents and teachers.**
- 3. I will render all possible help to conserve and preserve our heritage.**
